DARG v2

Integrated LED aluminium lighting pole

Model overview

Curved aluminium body with double-sided channels for the decorative LED line and a bracket-mounted road luminaire.

Configuration

The catalogue shows 3/5, 4/6, 5/7, 6/8, 7/9 and 8/10 m height pairs. Confirm the two heights and mounting dimensions on the approved drawing.

Project requirements

- Mounting height, arm reach and installation method
- Luminaire, photometry and electrical configuration
- Finish, colour and site conditions
- Base plate, anchors and approved drawing

Confirm dimensions, ratings and mounting details for the selected configuration with the export team.
