ABOUT PALMIYE LIGHTING

Palmiye Lighting designs and manufactures outdoor lighting products with a focus on quality, distinctive design and long-term customer relationships. We aim to create value for our customers, suppliers and employees through dependable products and responsive service.

Our business principle is to provide the right product and service, at the right time and place, at a reasonable cost. We support our customers in achieving their project and business objectives.

Changing expectations and competitive conditions in the lighting industry drive us to improve our products and services continuously. We evaluate each requirement through our experience and specialist knowledge, with a dynamic and innovative approach.

Consistent quality, fair pricing, mutual trust and integrity are the principles behind our work. We seek lasting partnerships by understanding our customers and responding to their needs.

Our ambition is to develop our products continually and strengthen our presence in both domestic and international markets.

CE ISO

DESIGN & MANUFACTURING

Our production and research and development activities focus on original designs and a new generation of aluminium lighting poles with integrated LED bodies.

We manufacture a broad range of contemporary outdoor lighting poles in-house. Our collection includes road lighting poles, integrated LED body poles, decorative motif poles, customised logo poles, and park and garden lighting poles.

By combining developing technologies with distinctive design, we contribute to lighting solutions for modern cities and outdoor spaces.

Our approach brings design, manufacturing and continuous improvement together. We review market requirements and customer expectations to develop products that combine visual character with practical lighting applications.

We remain committed to improving our quality and service as we grow in national and international markets.

Our light will shine above the darkness.

OUR VISION

To be a recognised and memorable lighting brand in our home market and around the world.

OUR MISSION

To contribute to the economy through outdoor lighting products that combine energy efficiency with visual appeal.

OUR VALUES

Lasting customer satisfaction
Continuous employee development
Ethical business practices
Creativity and innovation
Teamwork and shared success
Consistent quality

MOSO® CREE LEDs MEAN WELL NICHIA OSRAM LED TECHNOLOGY INCLUDED SAMSUNG PHILIPS

Body	Die-cast aluminium	Input voltage	220-240 V AC
LED	Nichia, Lumileds, Samsung, Osram	Colour rendering index	>70
Lens	Injection-moulded PMMA	Power factor	>0.95
Diffuser	Clear tempered glass (IK08)	Frequency	47-60 Hz
Driver	Philips, Meanwell, Moso, Osram	Ingress protection	IP66
Driver warranty	5 years		

PRODUCT FEATURES

- IP66 protection against dust and moisture
- Quick, tool-free installation
- Road lighting standard: EN 13201
- Photobiological safety: Exempt Group, EN 62471:2008
- No upward light output
- Drivers with thermal and high-voltage protection
- Replaceable LED module and LED driver
- High-strength die-cast aluminium housing
- Mercury-free construction
- Stainless-steel fittings
